*When the First World War ended in November 1918, thousands of Australian servicemen were in Europe as members of the First Australian Imperial Force (AIF) and many remained until the spring of 1919. In England, a new first-class cricket season was planned, the first since 1914, and an idea that came to fruition was the formation of an Australian touring side made up of servicemen. The Australian Imperial Force Touring XI was formed, initially under the captaincy of pre-war Test player Charlie Kelleway. Kelleway departed after only six matches following a dispute about the fixtures list. A players' meeting elected future Test player Herbie Collins as team captain for the remainder of the tour, despite the fact that Collins' military rank was lance corporal and there were seven officers in the party. The bulk of the team remained intact for nearly nine months from May 1919, playing thirty three matches in Great Britain, ten in South Africa on their way home and then another three in Australia itself before disbanding in February 1920, with only four defeats, all of these in England. The players lived on their army pay and all profits from gate money went to an AIF Sports Control Board*

He played in Test Matches for Australia between 1877 and 1887 taking ninety four wickets at an average of 18.41. With the residential qualification met in the following year, Spofforth was able not only to play for Derbyshire but to captain the side in the 1890 season. In England, he went into business as a tea-merchant and became the managing director of the Star Tea Company which belonged to his wife's father and was very successful. Some staining to rear board otherwise in good condition. Internally very good. This scorebook is of significant importance to the growth, prominence and history of Worcestershire cricket, portraying its slow but steady rise from playing friendly matches against some minor counties, wandering cricket clubs to facing M.C.C. and county second eleven's and eventually to achieve first class status in 1899. It also records the development of the Foster brothers at Malvern school and Eton, three were included in the county sides in this scorebook up until 1893, and eventual pre-eminence of the entire Foster brethren in lifting the club from the backwaters of cricket mediocrity to eventual first class status and competitive success on the field. Seven brothers who all represented Worcestershire, three of whom captained the club at some point, during the period 1899-1934, with six appearing during the seasons 1908-11 £500/800

*All the home matches in the scorebook were mainly played at Boughton Park, the ground which was used for the majority of Worcestershire home matches from 1865, the last match played there by the county was in 1902. The club moved to the New Road ground in 1896. Many matches particularly the later matches in 1892 and 1893 do not appear on search engines for matches*

*played by the club. Worcestershire CCC was formed on 4 March 1865 at the Star Hotel in Worcester. The club owes much to Paul Foley. A player from 1878-1896, he was appointed club secretary became involved with the club in the 1880s and helped to establish the Minor Counties Championship which began in 1895. Worcestershire shared the inaugural title with Durham and Norfolk before winning outright in 1896, 1897 and 1898. With this success behind it, the club applied for first-class status and entered the County Championship in 1899. Worcestershire CCC played its initial first-class match versus Yorkshire CCC on 4, 5 & 6 May 1899.*

*The scorebook, with match scores written in a number of hands was purchased by a well known cricket writer approximately 40 years ago, who paid a pittance for it at a junk shop*

- 654 'The Australian Cricket Team in England. Season 1930. Captain W.M. Woodfull'. Original scorebook for the Australian tour of England 1930 compiled by W.H. Ferguson, the M.C.C. official scorer and baggage master for the tour. The scorebook in blue morocco boards with gilt titles to front board 'The Australian Cricket Team in England. Season 1930. Captain W.M. Woodfull'. Minor wear to board extremities otherwise in good/very good condition. The scorebook covers all thirty four matches played on the tour beginning with the traditional opening match played at Worcester on the 30th April, 1st & 2nd June 1930 and concluding with the final match of the tour against H.D.G. Leveson-Gower's 'England XI' played at Scarborough on the 10th-12th September 1930. Each match is neatly recorded in ink in Ferguson's hand. Full details for each match include the batsmen's scores, full bowling analyses, with notes of wides and no-balls, extras and fall of wickets. In addition, there are brief odd notes on the weather conditions, time of innings, who won the toss, the names of the umpires and scorers, notable partnerships etc. The scorebook records the extraordinary prolific scoring performance of Don

Bradman on the this, his first tour of England. Bradman made 974 runs in the five Test matches at an average of 139.14 with one triple hundred (334 at Leeds), two double hundreds (254 at Lord's and 232 at the Oval) and one single hundred (131 at Trent Bridge). Bradman made almost 3000 on the tour overall, with ten centuries and an average of 98.66. The Australians winning the series by two Tests to one. The scorebook, an 'Ernie Hayes Cricket Scoring Book' was published by Dean & Son Ltd of Covent Garden, London, was bought by the vendor from Christie's Auctioneers, Melbourne in March 2002 as lot 212 and their lot description suggests that the scorebook may well have been compiled by Ferguson and presented to the Australian Captain Bill Woodfull. A unique item from the 1930 Ashes tour £1000/1500

- 655 'M.C.C. Australian Tour 1936-37'. The original scorebook for the M.C.C. tour of Australia and New Zealand 1936-1937. Compiled by W.H. Ferguson, the M.C.C. official scorer for the tour. The scorebook half bound in leather with cloth boards with gilt titles to front board 'M.C.C. Australian Tour 1936-37' with 'Capt R. Howard. Manager.' in gilt to bottom right hand corner. The leather worn and scuffed with some staining to cloth, particularly to the back board. The scorebook covers all twenty nine matches played on the tour beginning with the one day match played against All Ceylon at Colombo on October 3rd 1936 and concluding with the final match of the tour against an Auckland and Wellington team at Wellington on the 1st-3rd April 1937. Each match is beautifully recorded in ink in Ferguson's hand. Full details for each match include the batsmen's individual scoring strokes and number of minutes batted, full bowling analyses, with notes of wides and no-balls, extras and fall of wickets. In addition, there are brief notes on the weather conditions, who won the toss, the names of the umpires and scorers and notable partnerships. The exhibition match in Tasmania is recorded as is the batting exhibition put on by the M.C.C. after winning their two day game with New South

Wales Country XI at Canberra early. The scorebook was acquired direct from the family of Captain Rupert Howard by a cricket dealer some years ago and was purchased by the present vendor. A unique record of this 1930's M.C.C. tour. Good condition £1500/2500

M.C.C. under the captaincy of 'Gubby' Allen left Southampton for Australia on 12th September 1936, arriving at Perth via Colombo on the 13th October 1936. They played twenty five matches in Australia and a further three in New Zealand. Having started off the Test series well, winning the first two Tests, M.C.C., lost the remaining three Tests and so failed to regain the Ashes. England's failure can be attributed to a combination of poor batting and the brilliance of Don Bradman. The tour was a financial success due to the fluctuating nature of the Tests and broke all records with receipts amounting to £90,909 with over 900,000 people attending. Bradman made 82 in the 2nd Test, 270 in the 3rd Test, 212 in the 4th Test and 169 in the fifth Test

The blazer by Simpson of Piccadilly. Good/very good condition £180/250

*For the first time in several years, the captaincy remained unchanged for successive major tours. The tour selection was criticised, too many fast bowlers and not enough batsman, the selection of Denness as captain and the non selection of Jon Snow. In addition Boycott withdrew stating he was not fit enough mentally to return to Test cricket. Not good omens for the tour and it proved to be the case. England were destroyed by Lillee and Thomson and lost the series 4-0 with one Test drawn. Denness stood down from the captaincy and from playing due to lack of form just prior to the start of the fourth Test and John Edrich took over for this match. Denness returned to the captaincy in the fifth Test which was lost but against all the odds in the sixth Test, England beat Australia by an innings and four*

runs with Denness scoring 188

*Note. The blazer for the 1974/75 tour did not have trimming to pockets, sleeves and blazer edging in M.C.C. colours*
